INK TANK SYSTEM PRINTERS
ECOTANK L6270

AN ECONOMICAL, ALL-IN-ONE BUSINESS PRINTER WITH ADF AND DUPLEX CAPABILITIES

The multi-function Epson EcoTank printer L6270 delivers fast printouts and borderless printing for up to A4 size. Equipped with an integrated ink tank, these printers have small footprints to fit any office. The affordable ink bottles, fitted with designated nozzles, ensure spill-free refilling. Together with the auto-duplex print[4] function, businesses will appreciate these low-cost printing solutions that save more with every print. A suite of Epson Connect features enables effortless connectivity and printing over a network. You can also download the Epson Smart Panel app to your mobile device, making it an intuitive control centre to easily set up, monitor and operate the printer functions. Get these exceptional business solutions today.

*1 Print speed (Pages Per Minute) is calculated when printed on A4 plain paper in the fastest mode, 10 x 15 cm photo print speed when printed on Epson Premium Glossy Photo Paper. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

*2 When printed on Epson Premium Glossy Photo Paper.

*3 Otherwise 3mm top, left, right, bottom.

*4 Default mode in accordance with ISO7779 for MFPs.

*5 Quoted yields are based on the ISO 24711/24712 patterns of mixed text and colour graphics with Epson methodology. Quoted yields are based on the replacement ink bottles purchased. For print quality, part of the ink from the included bottles is used for printer startup so yields could be lower than those of replacement ink bottles. Actual yields will vary due to reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. Ink is used for both printing and printhead maintenance. All inks are used for both black and colour printing.
